

# DO YOU HAVE A FEW MINUTES?

Grovetown is updating its Comprehensive Plan and would like your input.

Take the Survey

One of the fundamental responsibilities of the local government is to plan for future growth and development of the community. that plan is called Comprehensive Plan. The plan dictates public policy in terms of land use, transportation, economic development, housing, recreation facilities, utilities, community facilities, and cultural and natural resources.

It is time for the City to update its Comprehensive Plan as required by the State of Georgia. To make a holistic Comprehensive Plan it is important to receive your input and ideas. The Comprehensive Plan Stakeholders Committee, formed of citizens, is urging you, your family, friends, neighbors, and contacts to take few minutes to complete this survey. The survey will assist the Committee to determine what the citizens of Grovetown want and vision for the future.

You can either type in the following link or use the QR Code.
